Full Feature List

- External footswitch. Accessory for Sidekick JR.
- Use the XT footswitch to control the operation of the modulation section of the Sidekick JR independently. Engage or true bypass the modulation effect.
- XT footswitch bypasses the onboard modulation operation assign toggle switch of the Sidekick JR.
- Connect to the XT jack input of the pedal.
- Passive operation - no power needed for the XT footswitch to operate properly - use standard TS instrument jacks / cable only.
- XT footswitch function is not affected by the power-up bypass/engage preset function of the onboard footswitches of Sidekick JR.
- Dimensions (W x L x H) : 54 x 51 x 49 mm
- Weight 0.91 kg
- Made in Greece
