

WALRUS AUDIO CANVAS POWER ECOSYSTEM

General Information (complete Canvas Power series)

- Walrus Audio's brand-new, modular, linkable, power supply ecosystem
- Ultra slim profile – even fits under flat Pedaltrain boards (NANO / METRO)
- 4 different sizes:
 - Canvas 5 = 5 outputs
 - Canvas 8 = 8 outputs
 - Canvas 15 = 15 outputs
 - Canvas 22 = 22 outputs
- All outputs on all Canvas Power models provide 500 mA
- 8 SKUs overall, as each of the 4 models is available either with an external power supply (for mains connection) or as a "Link" version (no external power supply) to expand an existing Canvas Power setup.
 - Canvas 5 (incl. external power supply)
 - Canvas 5 Link (no external power supply included; only link cable included)
 - Canvas 8 (incl. external power supply)
 - Canvas 8 Link (no external power supply included; only link cable included)
 - Canvas 15 (incl. external power supply)
 - Canvas 15 Link (no external power supply included; only link cable included)
 - Canvas 22 (incl. external power supply)
 - Canvas 22 Link (no external power supply included; only link cable included)
- Link any combination of Canvas Power models to expand your system and grow with your pedal collection (e.g. take a Canvas Power 15 and link it off of a Canvas Power 8 (or vice versa))
- Included barrel cables have a very low profile tip for fitting into tight spaces (ideal for small pedalboards such as NANO)
- Universal mounting brackets included

WALRUS AUDIO CANVAS POWER 5

- Item 66066 (EU) | 66070 (UK)
- EAN: 810424035959 | 810424035966
- Packaging Dimensions: 24,4 x 15,2 x 9,8 cm
- Weight: 0,99 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Includes external power supply unit: 4 Ampere, 96 Watts
- 5 isolated outputs
- All outputs provide 500mA
- 1 port with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards (incl. Pedaltrain Nano and Metro series)
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to “Canvas Power Link” models to grow with your pedal collection
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- Dimensions: 13,3 x 5,4 x 2,54 cm
- Weight: 0,54 kg (incl. external power supply unit)
- Made in the USA

WALRUS AUDIO CANVAS POWER 5 Link

- Item 66074
- EAN: 810424035980
- Packaging Dimensions: 24,4 x 15,2 x 9,8 cm
- Weight: 0,68 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Use to expand your existing Canvas Power system via included 24V link cable
- 5 isolated outputs
- All outputs provide 500mA
- 1 port with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards (incl. Pedaltrain Nano and Metro series)
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to other Canvas Power units to grow with your pedal collection
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- 24V link cable included
- No external power supply included
- Dimensions: 13,3 x 5,4 x 2,54 cm
- Weight: 0,23 kg
- Made in the USA

WALRUS AUDIO CANVAS POWER 8

- Item 66067 (EU) | 66071 (UK)
- EAN: 810424036000 | 810424036017
- Packaging Dimensions: 24,4 x 15,2 x 9,8 cm
- Weight: 1,1 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Includes external power supply unit: 4 Ampere, 96 Watts
- 8 isolated outputs
- All outputs provide 500mA
- 2 ports with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards (incl. Pedaltrain Nano and Metro series)
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to “Canvas Power Link” models to grow with your pedal collection
- LED Power Meter: 100%, 50%, 30%, 10% status indicator
- USB C port to power accessories or charge phone/tablets
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- Dimensions: 20,6 x 5,4 x 2,54 cm
- Weight: 0,64 kg (incl. external power supply unit)
- Made in the USA

WALRUS AUDIO CANVAS POWER 8 Link

- Item 66075
- EAN: 810424036031
- Packaging Dimensions: 24,4 x 15,2 x 9,8 cm
- Weight: 1,1 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Use to expand your existing Canvas Power system via included 24V link cable
- 8 isolated outputs
- All outputs provide 500mA
- 2 ports with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards (incl. Pedaltrain Nano and Metro series)
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to other Canvas Power units to grow with your pedal collection
- LED Power Meter: 100%, 50%, 30%, 10% status indicator
- USB C port to power accessories or charge phone/tablets
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- 24V link cable included
- No external power supply included
- Dimensions: 20,6 x 5,4 x 2,54 cm
- Weight: 0,36 kg
- Made in the USA

WALRUS AUDIO CANVAS POWER 15

- Item 66068 (EU) | 66072 (UK)
- EAN: 810424036055 | 810424036062
- Packaging Dimensions: 45,4 x 16,5 x 9,8 cm
- Weight: 1,7 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Includes external power supply unit: 4 Ampere, 96 Watts
- 15 isolated outputs
- All outputs provide 500mA
- 2 ports with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to “Canvas Power Link” models to grow with your pedal collection
- LED Power Meter: 100%, 50%, 30%, 10% status indicator
- USB C port to power accessories or charge phone/tablets
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- Dimensions: 31,1 x 5,4 x 2,54 cm
- Weight: 0,95 kg (incl. external power supply unit)
- Made in the USA

WALRUS AUDIO CANVAS POWER 15 Link

- Item 66076
- EAN: 810424036086
- Packaging Dimensions: 45,4 x 16,5 x 9,8 cm
- Weight: 1,7 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Use to expand your existing Canvas Power system via included 24V link cable
- 15 isolated outputs
- All outputs provide 500mA
- 2 ports with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to other Canvas Power units to grow with your pedal collection
- LED Power Meter: 100%, 50%, 30%, 10% status indicator
- USB C port to power accessories or charge phone/tablets
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- 24V link cable included
- No external power supply included
- Dimensions: 31,1 x 5,4 x 2,54 cm
- Weight: 0,50 kg
- Made in the USA

WALRUS AUDIO CANVAS POWER 22

- Item 66069 (EU) | 66073 (UK)
- EAN: 810424036109 | 810424036116
- Packaging Dimensions: 45,4 x 16,5 x 9,8 cm
- Weight: 1,7 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Includes external power supply unit: 4 Ampere, 96 Watts
- 22 isolated outputs
- All outputs provide 500mA
- 2 ports with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to “Canvas Power Link” models to grow with your pedal collection
- LED Power Meter: 100%, 50%, 30%, 10% status indicator
- USB C port to power accessories or charge phone/tablets
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- Dimensions: 41,9 x 5,4 x 2,54 cm
- Weight: 1,08 kg (incl. external power supply unit)
- Made in the USA

WALRUS AUDIO CANVAS POWER 22 Link

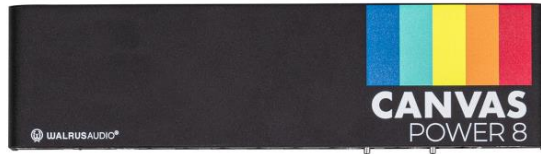

- Item 66077
- EAN: 810424036130
- Packaging Dimensions: 45,4 x 16,5 x 9,8 cm
- Weight: 1,4 kg
- [Images](#)

Features

- Canvas Power is a modular, linkable ecosystem to power your pedalboard
- Use to expand your existing Canvas Power system via included 24V link cable
- 22 isolated outputs
- All outputs provide 500mA
- 2 ports with variable output of 9, 12 or 18 Volts
- Ultra slim profile fits under most boards
- Clean, quiet, isolated power
- Enough right angle to straight “barrel to barrel” cables to supply power from every output to a pedal
- Included barrel cables have a very low profile tip for fitting into tight
- 24V in and 24V Thru to connect to other Canvas Power units to grow with your pedal collection
- LED Power Meter: 100%, 50%, 30%, 10% status indicator
- USB C port to power accessories or charge phone/tablets
- Includes mounting brackets to mount to elevated boards like Pedal Train and similar style boards.
- 24V link cable included
- No external power supply included
- Dimensions: 41,9 x 5,4 x 2,54 cm
- Weight: 0,64 kg
- Made in the USA

Included barrel cables have a very low profile tip for fitting into tight spaces.
