- Chrome-plated chassis
- Classic tweed covering for a vintage look
- Dimensions (H x W x D): 48.9 x 46.4 x 22.9 cm
- Weight: 15.7 kg

Description

The Peavey Classic 20 Watt 112 combo features an all-tube preamp and power amp, providing the distinctive sonic punch of larger, iconic amplifiers in a more compact footprint and weighing significantly less. This model brings new life into the legendary product line by providing players that iconic tone in a package better accommodating to smaller stages and bedroom performances.

Boasting two channels that mirror the same voicing and gain structure of its bigger Peavey amplifier siblings, in addition to a specially designed boost function, the Classic 20 112 Combo is a versatile, powerful unit that is equally suitable for virtually all musical styles.

Two EL84 power tubes and three 12AX7/ECC83 preamp tubes deliver the rich, warm tube-amplifier tones that are so sought after by players and engineers. Each of the Peavey Classic 20 112 Combo's channels shares EQ, an effects loop, and reverb (all footswitchable), while the amp's rear panel features a Microphone Simulated Direct Interface (MSDI) with XLR output and USB out, a 3-position power attenuator switch allowing for 20 watt, 5 watt, or 1 watt operation, and a speaker defeat switch.

With its intuitive front panel controls, including a volume knob, channel switch, pre-gain, post-gain, and 3-band EQ, along with reverb, standby switch, and T.S.I.™ LEDs, the Classic 20 112 Combo offers everything you need to dial in your perfect tone. Experience genuine tube power and tone in a smaller, more manageable package with the Peavey Classic 20 112 Combo.
